**Subject:** AB 843 amendment request  
**Attachments:** changes to AB 843.doc

Hello Jeff, Robin, Peter and Marc!

I just met with Rep. Molepske and he has requested a simple amendment to AB 843, which I described in the attached document.

He would like this quickly since he plans to exec the bill next Tuesday at 10 am.

Please let me know if you have any questions. There is one unresolved issue regarding local ordinances--please contact his office directly to find out if he's made a decision on that.

thanks-

Mary

### **Requested changes to AB 843**

(Simple amendment for Rep. Molepske)

1. Pg. 12, line 4: after “equivalent” add “or an equivalent rating system”. [I suppose you could also fix up the sentence to put a comma in place of the first “or”]
2. Pg 12, line 5: At the end of the line add the following: “Regardless of the system utilized, the use of wood-based materials and products from the Forest Stewardship Council (FSC), American Tree Farm System (ATFS), and Sustainable Forest Initiative (SFI) certification programs shall be recognized”. [Please fix this language as you see fit. The idea is to require a modification to the LEED rating system, or whatever system is used, to address some concern about use of tree products. This language was taken from Doyle’s Executive order 145, item #5 in the list of items appearing after the “Now therefore” clause. Molepske requested use of the same language that is in the Exec. order.[http://www.wisgov.state.wi.us/journal\\_media\\_detail.asp?locid=19&prid=1907](http://www.wisgov.state.wi.us/journal_media_detail.asp?locid=19&prid=1907)]
3. Pg. 16, line 12: delete the material beginning with “Upon” and ending with “level” on line 15.
4. Pg. 19, line 13: after “equivalent” add “or an equivalent rating system” [I suppose you could also fix up the sentence to put a comma in place of the first “or”]
5. Pg. 19, line 14: At the end of the line add the following: “Regardless of the system utilized, the use of wood-based materials and products from the Forest Stewardship Council (FSC), American Tree Farm System (ATFS), and Sustainable Forest Initiative (SFI) certification programs shall be recognized”.
6. Pg. 21, lines 12-14: POSSIBLY delete that new language. Rep. Molepske hasn’t decided yet.
7. Pg. 22, line 10: delete “the repair, renewal, or”.
8. Pg. 22, line 13: after “expansion” add “or addition”.
9. Pg. 22 line 13, delete everything after “building” and ending with the end of line 14 and replace it with the following: “that adds conditioned space that is equal in size to 50% or more of the existing building”.
- 10. Make the same 3 changes in items 7, 8 and 9 above to the parallel provision for definition of major construction project for munis on pg. 16, lines 1-8.**
11. Pg. 22 line 17: delete the material beginning with “Upon” and ending with “level” on line 20.

12. Pg. 23, line 1: delete the material beginning with that line and ending with the end of line 3.
